

CUSTOM RESEPTION DESK

Location Austin, Texas
Project Type Custom Furniture
Year 2006

Designed to be an example of eco-friendly construction, the reception desk at Hailey Johnson Architects, LLP was a collaborative effort between Kit Johnson, Ambrose Taylor and Paul Welch of Vintage Material Supply Company.

The desk is made entirely of recycled materials. Antique Heart Pine recovered from a warehouse in Fort Worth, re-harvested Mesquite from West Texas and recycled aluminum make up the framework and desk surround. The desktop is made of paper stone-recycled paper and a non-toxic binder.

Hailey Johnson Architects, LLP design team: Kit Johnson (Partner-in-Charge) & Steve Bellanger
